

Sponsor a Student Form

The State Street Academy of Music (SSA) is a community-based, grassroots organization that provides quality individual music instruction to all students, including those at risk, regardless of their ability to pay.

SSA offers private lessons in voice, piano, stringed instruments, woodwinds, guitar, and percussion, plus two chamber ensembles. Students also have the opportunity to study musicianship in group classes, ensembles and summer camps for the experience of performing and learning with their musically motivated peers.

Donors have the opportunity to sponsor a student for one semester or a full year of instruction in individual lessons or group ensembles. A donor who sponsors a child will receive correspondence from the child as well as a special invitation to recitals and concerts in which the child participates throughout the year.

Become a donor by filling out the form below. You will help introduce a child or teen to the wonders and joys of music, help them develop their talent, and open doors for them to new opportunities in education and life.
